

June 29, 2015

To: Enhancement Idea Contributors for CA Single Sign-On (previously CA SiteMinder®)
From: The CA Single Sign-On Product Management Team
Subject: Taking a snapshot of vote totals on July 22nd

The CA Single Sign-On (SSO) product management team is planning to take a snapshot of the voting totals of the enhancement (ideas) requests in the CA SSO community site at the end of the day, Friday July 22nd. We will be reviewing the vote totals on the enhancements listed there and making decisions around many of the requests during the month of August.

We encourage you to review the enhancement requests in the CA SSO community site and vote for those that would provide the greatest value for you.

For information about how the CA SSO product management team is managing enhancement request process, please read this: <https://communities.ca.com/docs/DOC-231153335>

For more information about creating, submitting, and voting for ideas, please see the information here: <https://communities.ca.com/community/the-water-cooler/ca-communities-user-guide>

Thank you for taking the time to review the submitted requests and voting on requests that would be most helpful to you and the CA SSO community.
