Q&A Session for [WEBCAST] What's New in CA Spectrum®? - September 4, 2018 @ 10 a.m

Session number: 745522395
Date: mardi 4 septembre 2018
Starting time: 15:43

_____

 -Frank tonjes - 16:19
Q: Currently on 10.2.3 when trying to run multple API REST calls in parallel it takes ages to perform REST calls. Will this be improved or has this been improved in 10.3?
Priority: N/A-
     -Nagesh Jaiswal - 16:21
     A: @Frank, We did our library updates to improve API's. you should definately see some improvments. -

_____

 -Frank tonjes - 16:20
Q: How will the dns name be stored? Will this be a new attribute or will it use the modelname attribute?
Priority: N/A-
     -Nagesh Jaiswal - 16:23
     A: @Frank, this should help: https://docops.ca.com/ca-spectrum/10-3-0/en/administrating/oneclick-administration/dynamic-host-configuration-protocol-dhcp-support-in-ca-spectrum-

_____

 -Rajashekar Allala - 16:29
Q: Will Spectrum take care of the dynamic IP changes automatically? Or does it need manual intervention?
Priority: N/A-
     -Nagesh Jaiswal - 16:30
     A: @Raj, Right click and select for which one you want to Spectrum keep tab for changes. By defualt it wont do because it will be a performance hit. -

_____

 -Rajashekar Allala - 16:34
Q: Using Dockerization, we see that self heal as a feature
Priority: N/A-
     -Nagesh Jaiswal - 16:35
     A: Install Spectrum in a fault tolerant setup in the Docker -

_____

 -Rajashekar Allala - 16:35
Q: What does it mean? will Spectrum repair the SSDB and DDMDB on its own in case of corruptions?
Priority: N/A-
     -Nagesh Jaiswal - 16:35
     A: Are you reffering to Self Heal? I just answered above.-

_____

```
 -Rajashekar Allala  - 16:37
Q: yes. Do we still need to follow the same process in case of DB
corruptions?
Priority: N/A-
     -Nagesh Jaiswal - 16:37
     A: Yes. -
_____

 -Rajashekar Allala  - 16:39
Q: Any plans to live demo on dockerization?
Priority: N/A-
     -Nagesh Jaiswal - 16:38
     A: We are working on YouTube video which will be out soon. But we
will plan for a community demo as well. -
_____

 -Rajashekar Allala  - 16:40
Q: great. thank you
Priority: N/A-

_____

 -Christopher Maitland - 16:45
Q: Is openshift a requirement for Docker support?  Can only a single
compenent be deployed with Docker?  Example: could oneclick simply be
deployed via docker on stand alone servers running docker.
Priority: N/A-
     -Nagesh Jaiswal - 16:45
     A: @Chris, for the sake of testing you can use that-
_____

 -Frank tonjes - 16:46
Q: Are the API changes documented somewhere? Had to find out hard way
what changes were made between 10.2.3 :)
Priority: N/A-
     -Nagesh Jaiswal - 16:46
     A: @Frank, We have made effort to keep API's docs up to date. But
would like your inputs if you are looking for something specific. -
_____

 -Frank tonjes - 16:47
Q: I'm talking specifically about what calls are changed, etc
Priority: N/A-
     -Nagesh Jaiswal - 16:47
     A: @Frank, that should also be updated as a part of documentation
-
_____

 -Robertas Baciulis - 16:49
Q: Would it be possible to get slides after the meeting?
Priority: N/A-
     -Octavie Chakoute - 16:50
     A: yes, the webcast material will be posted in the community as
soon as they are available; probably tomorrow-
_____
```

-Frank tonjes - 16:50
Q: Thanks Nagesh, there were minor changes I picked up regarding output
of REST calls where the order changed in the output. Just wanted to know
if there was a list of specific REST calls and what changed so I can
check if I use them and change if needed.
Priority: N/A-
    -Nagesh Jaiswal - 16:50
    A: Let me circle back with my team and will get back to you. -
_____

-Rajashekar Allala - 16:51
Q: Stopped Shipping SNMP plugin, use the native APM SNMP action... Is it
something related to Spectrum and APM integration
Priority: N/A-
    -Nagesh Jaiswal - 16:50
    A: Yes-
_____

-Rajashekar Allala - 16:52
Q: any new reports included in Jaspersoft?
Priority: N/A-
    -Nagesh Jaiswal - 16:51
    A: Not in this release. We will doing few in upcoming release-
_____

-Rajashekar Allala - 16:52
Q: 6.4.2/6.4.3
Priority: N/A-

_____

-Rajashekar Allala - 16:52
Q: ok
Priority: N/A-

_____

-Patrick Lacasse - 16:53
Q: About OpenShift image.. Is the location server image contains mysql
archmgr?
Priority: N/A-
    -Nagesh Jaiswal - 16:53
    A: @Patrick We will check and get back to you-
_____

-Frank tonjes - 16:53
Q: Thanks all. Looking good! Now to plan the upgrade!
Priority: N/A-

_____

-Rajashekar Allala - 16:53
Q: Thank you All
Priority: N/A-

_____

```
 -Patrick Lacasse - 16:54
Q: ok! By which mean will you get back to me?
Priority: N/A-
      -Nagesh Jaiswal - 16:54
      A: Shoot me an email Nagesh.Jaiswal@ca.com-
_____

 -Patrick Lacasse - 16:55
Q: Understood! Thanks
Priority: N/A-
