Disclaimer:

This package may contain scripts, tools and documents ("Files") for the CA Process Automation from CA Technologies. This content has been uploaded by fellow community members and has not been checked, tested, or approved by CA Technologies (or anyone else). NEITHER CA, INC. NOR ANY OF ITS SUBSIDIARIES AND AFFILIATES ("CA") NOR ANY COMMUNITY MEMBER SHALL BE LIABLE TO THE OTHER OR ANY OTHER MEMBER OR THIRD PARTY FOR DIRECT, CONSEQUENTIAL, INCIDENTAL, INDIRECT AND/OR SPECIAL DAMAGES FOR ANY CLAIMS ARISING FROM OR IN ANY WAY CONNECTED WITH YOUR DECISION TO ACCESS OR USE ANY SUCH FILES, EVEN IF THE POSSIBILITY OF SUCH DAMAGES IS, OR SHOULD HAVE BEEN, KNOWN. THESE FILES ARE PROVIDED AS IS WITHOUT ANY warranty or representation of any kind express or implied including without limitation Any Implied warranty of merchantability/satisfactory quality, fitness for a particular purpose or non-infringment. Your usage of any such Files is at your own risk. You are solely responsible for testing such Files prior to implementing them in either a test or production environment. We encourage you to check for any documentation (if provided) by looking in the document comments or on the message boards for a corresponding thread for additional information (if available). It is recommended to deploy/implement in a test or QA environment before implementing in a production environment. Such Files are not covered by CA's Support Policy and Terms. CA will not under any circumstances support them.
