

Q&A Session for CA TDM Community Webcast

Date: Tuesday, January 09, 2018

-Felipe Hernandez - 11:31 AM

Q: What is the roadmap for Datamaker/TDM Portal integration?

-Melanie Giuliani - 11:33 AM

A: Wilfred is looking into how to integrate Datamaker into TDM portal. The team is currently looking at concepts and ideas from Datamaker and see which of those make sense to move into portal and evolve.-

-Suzanne Marcel - 11:33 AM

Q: What is plan for removing license requirement for ARD in order to just use it for creating tiles in the Web Portal?

-Melanie Giuliani - 11:33 AM

A: there are currently no confirmed plans on how to move forward on this, but the team is looking into it-

-Felipe Hernandez - 11:33 AM

Q: Like Test Matching with variables usage?

-Melanie Giuliani - 11:34 AM

A: Felipe - can you clarify on this?-

-Felipe Hernandez - 11:34 AM

Q: In the datamaker / tdm portal integration.

-Melanie Giuliani - 11:35 AM

A: Yes – there are features and capabilities like these that we want to move over to TDM Portal with a better publish capabilities. This is one of the many items that needs moving to TDM Portal.

-Felipe Hernandez - 11:35 AM

Q: Ok, thanks

-Prince Munjal - 11:36 AM

Q: as you are planning to move all required functionality to portal from datamaker

-Melanie Giuliani - 11:36 AM

A: at the moment, yes. Portal is the area we want to focus on - it's easily managed and customizable, so it seems to make sense to focus on Portal and slowly take features from datamaker over there. -

-Prince Munjal - 11:36 AM

Q: and plans to obsolete datamaker ?

-Melanie Giuliani - 11:38 AM

A: We are not sure at the moment, but the vision is to eventually move all the relevant features into portal so datamaker is no longer needed. we need to be sure that every customer can use the capabilities within portal before this can be looked at-
