

Gen knowledge in a very different way

Training in CA Gen

Ton van den Broek, Educagen

Session 11
Tuesday, 11.50 h.

Educagen

- Gen since 1989
- JMA, TI, Sterling, CA
- Educagen = training in Gen (since 2004)

Why training?

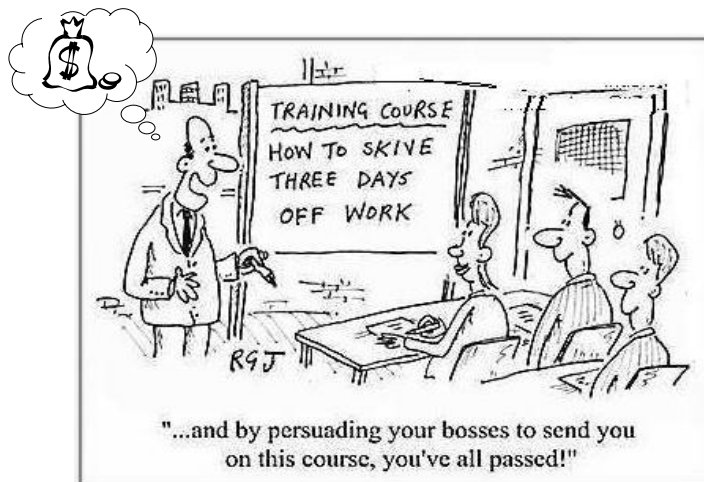

"THE COMPUTER SAYS I NEED TO UPGRADE MY BRAIN
TO BE COMPATIBLE WITH ITS NEW SOFTWARE."

© Educagen

Which Courses?

The screenshot shows the 'Courses' page of the Educagen website. At the top, there is a navigation bar with links for 'Home', 'Courses', 'Schedule', and 'Training Delivery'. Below the navigation bar, the 'Courses' section is titled. Under the heading 'Standard courses:', there is a list of 15 courses, each preceded by a bullet point and underlined. The courses are: Introduction to Gen, Basic Developer, All Round Developer, Developer Block Mode Systems, Developer Batch Systems, Developer Web Systems, Gen for the Designer - Analyst, Model Manager, Version Control, Subsetting, Gen for the Database Administrator (DBA), Component Based Development (CBD), DB2 for the Gen developer, and Other courses. Below the list, there is a section titled 'Tailored training programme' with a paragraph of text that is partially cut off at the bottom.

Courses

Standard courses:

- Introduction to Gen
- Basic Developer
- All Round Developer
- Developer Block Mode Systems
- Developer Batch Systems
- Developer Web Systems
- Gen for the Designer - Analyst
- Model Manager
- Version Control
- Subsetting
- Gen for the Database Administrator (DBA)
- Component Based Development (CBD)
- DB2 for the Gen developer
- Other courses

Tailored training programme

Educagen developed a great number of training modules which can be used in your training programme you need for your situation. This is often without additional costs.

Communication <=

The training – How?

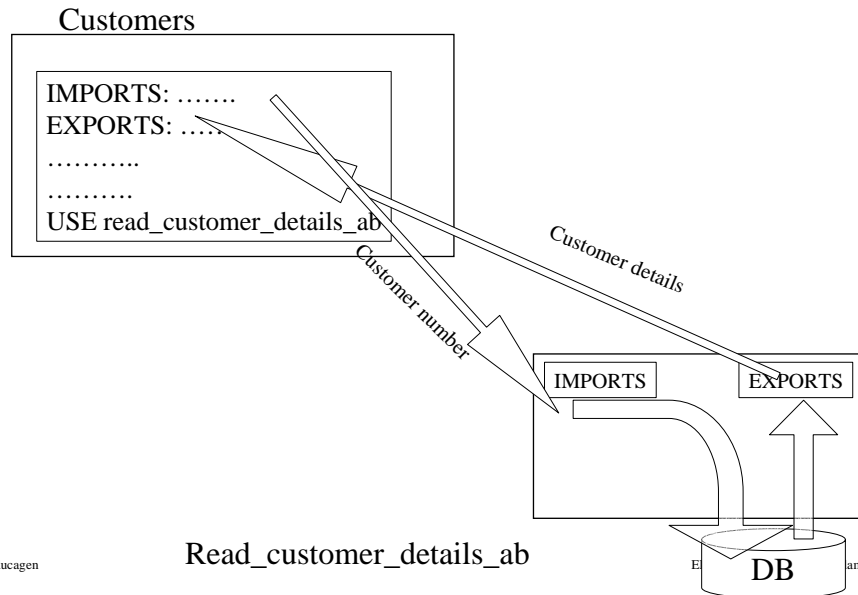

Trainer

- presents theory topics
- asks questions
- presents demo in Gen
- supports student
- checks student's result.

Student

- can ask questions and...
- will get immediate answer
- executes hands on exercises
