Program Guide

Modernize and Optimize
Your Mainframe

GO BIG
IT *with* IMPACT

Overview

At CA World '13 our mainframe focus will be on reducing costs while reducing risks, increasing velocity and leveraging innovation to extend operational efficiencies and increase business agility.

The **Mainframe Focus Area** includes the following tracks:

- Innovation
 - Application Development and Modernization (CA Gen)
 - Databases (CA IDMS™ and CA Datacom®)
 - Performance, Automation and Network Management
 - Security and Compliance Management
 - Software Change Management
 - Storage Management
 - Workload Automation
- See the Program Grid below for a list of our 136 sessions

Highlights

See. Hear. Learn.
